## MICHIGAN FACULTY FEIED BY ALUMNI

Representatives of Eastern University Are Making Tour of the West.

In honor of the visiting faculty members of the University of Michigan, an informal reception was held last evening at the University club. In the visiting party were Prof. John O. Reed, dean of the literary department; Prof. M. E. Cooley, dean of the engineering department, and Willard B. Shaw, secretary of the alumni association. The dean of the medical department, Dr. Victor C. Vaughn, was unable to make the trip. The party is touring the west on a visit to the alumni. The itinerary includes Des Moines, Omaha, Denver, Salt Lake, San Francisco, San Jose, Portland, Se-

attle, Spokane and Duluth. Prominent alumni of the university gathered last evening to greet the distinguished guests. James H. Moyle, Waldemar Van Cott and L. D. Anderson were the committee on arrangements. They met the party on their arrival, and drove them about the city, later entertaining them at dinner. The visitors will be the guests this morning of R. C. Gemmell, who will show them about the Garfield smelters. The party leaves this afternoon.

At the reception a program was given, including a stereopticon lecture by Mr. Shaw and addresses by Professors Reed and Cooley. The pictures were views of the university campus, buildings and scenes in and around Ann Arbor.

After the stereopticon lecture Prof.

Superintendent Hotchkiss in his report says the result of the investigation thus far warrants the statement that legislative expenditures in New York by insurance companies were particularly conspicuous in the years 1901, 1903, 1904, 1905 and 1909, and notably significant in two or three of such years.

Told By Intoxicated Man.

The first intimation of the alleged embezzlement came when an employe of the Bingham office, intoxicated, went to the Marnell home in West Second South street and told Mrs. Marnell and others of the embezzlement. He said at that time that Marnell was still in Sait Lake, and that he would give himself up. Mi Hall was convinced last night that Mar nell was not in the city and it was finally learned that he left Sunday night.

Further auditing of the books will be made today, and Mr. Hall believes that the peculations of Marnell will reach beyond \$1,400. The thefts from the Woodmen funds had been going on for more than a month.

Marnell went home early Sunday eveng and told his wife that he was called to Provo suddenly on business and would catch the 7 o'clock train. He gave her some money and left the house. At 10 o'clock he returned, stating that he had nissed the train, and would go to Provo at 11 o'clock.

Marnell went to his room, took a rewolver from his grip and left the house. He had often gone out of the city on business, and no suspicion was attached to his departure Sunday night. The authorities believe that he went to Ogden on the Oregon Short Line, and Sheriff Barlow Wilson of Weber county was notified yes-Mr. Hall said last night that he felt particularly regretful of the action of his assistant because of the fact that he had always treated Marnell with especial consideration, and had already forgiven an offense of the same character. Mr. Hall said that last winter he found that Marnell had peculated \$700 from him and that Marnell admitted the fact. Marnell begged for leniency, said that he had been tempted and had fallen, and agreed to reimburse Mr. Hall. The latter also said that Marnell had seized this first op-portunity, during a prolonged absence of his employer, to take from the strong box over \$500 in gold which Mr. Hall had placed there to be used in meeting a bill which is about to fall due. Mr. Hall also

### THE MEN AND WOMEN Who Enjoy the Choicest Products of

the World's Commerce. Knowledge of What is Best More Important

Than Wealth Without It. It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain to universal acceptance. However loudly heralded, they may not hope for world-wide pre-eminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting and enjoying the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excel-

lent of its kind. After thirty years of general usage, Syrup of Figs and Elixir of Senna is everywhere accepted as the best of family laxatives. Its quality is due not only to the excellence of the laxative and carminative principles of plants known to act most beneficially on the system, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. It cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after effects. To get the beneficial effects of Syrup of Figs and Elixir of Senna, buy the genuine only; the full name of the Company-Galifornia Fig Syrup Co.-is printed on the front of every package.
